**Free Writing Task**

**Note to tutors: you should read through these instructions with your learner/s and make sure they understand what is required of them before they begin.**

This task is to check your written English.

**How** you write it is more important than **the topic** you choose to write about.

Choose the topic you think you can write about most easily.

You will be given 5 minutes thinking time in which you may jot down ideas if you wish. These notes will **not** be marked.

Then you will be asked to write as much as you can in 10 minutes about your chosen topic.

You will be marked on:

- how interesting your writing is to the reader;
- how well you write in sentences;
- how accurate your punctuation is;
- how good your grammar is;
- whether your English makes good sense;
- your spelling;
- your presentation.

You will be given 5 minutes to read through what you have written in order to correct any mistakes you have made.

**Choose 1 of the following topics:**

1. Write about your favourite television programme, book, or hobby. Try to give your reader as much information as you can and make it as interesting as possible.
  
2. You have won the lottery! Tell us how you feel and what you will do with all your money.
